PB – 2:35:58 (<https://youtu.be/rh3WjTuefyY?t=9358>)

"Clearly we're discussing, ultimately, a failed practice... ..so that really does make it rather difficult to go along with these recommendations at the moment."

EK - 2:38:40 (<https://youtu.be/rh3WjTuefyY?t=9520>)

"... should there be continued clinical staff wanting to go and work in an independent model rather than remain in a 2c..."

PB - 2:39:30 (<https://youtu.be/rh3WjTuefyY?t=9570>)

"So you've asked the doctors if they want to go for an independent model? I'm getting a bit confused here."

EK - 2:39:37 (<https://youtu.be/rh3WjTuefyY?t=9577>)

"No, no, no. The Old Aberdeen Medical Practice - some of the doctors have chosen to leave the practice and go and work in an independent practice."

PB - 2:39:49 (<https://youtu.be/rh3WjTuefyY?t=9589>)

"Right. So they don't like a 2c model - current 2c model?"

EK - 2:39:57 (<https://youtu.be/rh3WjTuefyY?t=9597>)

"I can't comment if that's their stance, but all I can say is that "A few of the GPs in Old Aberdeen have left and are going to work in an independent practice", therefore we have business continuity planning..."

PB - 2:40:26 (<https://youtu.be/rh3WjTuefyY?t=9625>)

"Okay, well that really is quite important, that comment you just made Emma, in that the 2c practices clearly need to be remodelled, don't they? Clearly."

SD - 2:40:36 (<https://youtu.be/rh3WjTuefyY?t=9636>)

"I think what the Old Aberdeen experience is showing is that there is a serious issue of sustainability.
